

Take home more of your hard- earned money!

**October 11-12, 2004
Orlando, FL**

Immediately preceding the Annual Scientific Assembly

Get the skills you need to effectively manage your office

At the completion of this course, you should:

- Be able to read and interpret the three basic financial reports.
- Know how to assess the relative financial healthiness of organizations.
- Have an understanding of the principles of diagnosis and procedure coding.
- Understand the major components of modern health information technology used in office-based medical practices.

It's easy to register:

- Register online at www.aafp.org/crashcourse.xml.
- Call Julie Henry at (800) 274-2237, ext. 4162.
- E-mail Julie at jhenry@aafp.org.
